

**Conference:**  
**Spectroscopy and  
Molecular Modeling XXI**

***Chairs***

**Lev M. Babkov, Kirill V. Berezin,**  
Saratov State University (Russia)

***Secretary***

**Inna L. Plastun**  
Saratov State Technical University,  
Russia

***Program Committee***

**Lev M. Babkov,**  
Saratov State University, Russia

**Galina N. Ten**  
Saratov State University (Russia)

**Lev A. Gribov,**  
Institute named by V.I. Vernadskyi  
RAS, Moscow, Russia

**Viktor I. Baranov**  
Institute named by V.I. Vernadskyi  
RAS, Moscow, Russia

**Nadezda A. Davydova,**  
Institute of Physics NAS of Ukraine,  
Kiev, Ukraine

**Tatiana G. Burova,**

Saratov State University, Russia

**Alexandr V. Burenin,**  
Institute of Applied Physics RAS,  
Moscow, Russia

**Victor L. Furer,**  
Kazan State Architectural and  
Construction University, Kazan,  
Russia

**Alexandr V. Gorokhov,**  
Samara University, Samara,  
Russia

We will discuss theoretical and  
experimental methods of  
spectroscopy and molecular modeling  
for study of structure and properties  
of atomic and molecular systems.

The program will include the following  
**topics:**

- IR spectroscopy
- Raman spectroscopy
- Fluorescence spectroscopy
- Atomic spectroscopy
- Molecular modeling (methodical  
aspects and applications)
